

Religious Studies Phase One Curriculum

Intent:

The Vision is to provide opportunities for transformation through access to excellent educational experience and awareness of spiritual and moral development. The Mission is to enable people to transform their lives through the RS curriculum and SMSC opportunities, enhanced by outstanding teaching & learning, teamwork and progress.

This is delivered through a curriculum that teaches fundamental knowledge and skills pupils must master, in line with Church of England Statement of Entitlement and through collaboration with the local diocese and Understanding Christianity. The curriculum places the Academy's values at its core and accommodates all learners from point of entry. It ensures challenge whilst providing all with a theological basis building on prior attainment.

We use regular assessment and recall so that students can *outline* religious teachings, language (tier 1&2) knowledge and can *explain* their impact on the world. Through *evaluation* skills, we develop tolerance and empathy. This is achieved through:

- A Quick 6, Knowledge Organisers and Masters of Recall tests.
- Zonal marking and sample marking of written work clear feedback.
- Termly synoptic tests and exam-style questions ensure accurate reporting of pupil data and to identify key misconceptions or areas of exam technique to be developed.

Content:

	Term 1	Term 2	Term 3	Term 4	Term 5	Term 6
Year 7	<p>Introduction of Philosophy What are ultimate questions Pupils will explore personal belief and developing the skills to explain them.
