

Trinity Academy Leeds **SEND Information Report**

Our Aim

Trinity Academy Leeds is passionate about, and dedicated to, ensuring that all our students meet their full potential. In practice this means we work hard to adapt the curriculum, provide individual support and targeted interventions throughout the academic year to ensure students achieve their desired outcomes.

The academy is committed to providing an inclusive education that provides an ethos, environment and culture that is sympathetic to and understanding of the issues involved in providing a fair and appropriate education for students with special educational needs or disability. In order to achieve a fully inclusive we aim to:

- *Wherever possible educate children and young people in a mainstream setting.*
- *Value equally all students who attend Trinity Academy Leeds.*
- *Highlight that all teachers at Trinity Academy Leeds are teachers of students with special educational needs.*
- *Differentiate so that all students have access to a broad, balanced and relevant curriculum that meets their needs.*
- *Take into account the views of the child.*
- *Work in a partnership with parents/carers in promoting a culture of co-operation. Support the work of the Local Authority and external providers so that the child's full potential can be reached.*

What is the SEND Information Report?

The SEND Information Report details the provision that Trinity Academy Leeds offers to students with special education needs and disabilities. It meets the requirements (6.79 – 6.83) of the "Special educational needs and disability code of practice: 0-25 years (January 2015) on publishing information about the implementation of the MAT's policy for pupils with SEN.

What is a special educational need or disability?

A child or young person has a SEND if they have learning difficulty or learning disability which calls for a special educational provision to be made for them. A child of compulsory school age or young person has a learning difficulty or disability if they:

- (a) Have a significantly greater need in learning than the majority of others of the same age: or

(b) Have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

A child under compulsory school age has a special educational need if they fall within the definition of (a) or (b) above or would do so if special educational provision was not made for them. (Special Educational Needs and Disability, Code of Practice: 0 – 25 years, January 2015)

SEND in Context at Trinity Academy Leeds – November 2021

Criteria	Data
Total number of students on roll	238
% of students with EHCPs	1.3% (3)
% of students identified as SEND Support	17.2% (41)
% of school population with SEND provision	18.5% (44)

Admissions

Children in receipt of an Education, Health and Care plan (EHC) that name Trinity Academy Leeds as the appropriate school, will be admitted before any other children.

How will the academy support my child or young person's learning?

Support for all students with special educational needs is overseen by the SENDCo in liaison with the wider pastoral team, Subject Leaders and teachers with specific responsibilities for intervention. **The first and most important stage of intervention is quality first teaching which is appropriately differentiated.**

Accessibility of the academy

Where students require support with physical and mobility needs the academy has lift access to all floors, accessible classrooms and modified facilities for students. Key staff will be aware of students' particular physical and sensory needs and be available to provide assistance when required.

Support provided by academy staff.

When children or young people join the academy information regarding their specific needs is gathered and made available to key staff, individuals who will be interacting with that student, to plan appropriate provision and support. The SENDCo liaises with parents/carers, during the transition process, to ensure the support package will benefit the child and young person and ensure their academic progress. Staff receive targeted SEND training to equip them to effectively support students with additional needs. Students check in daily with their form tutors and will have Student Liaison Officers and SEND staff as a point of contact if they require assistance negotiating the academy day. When necessary students may work with outside agencies, specific to their requirements, to receive additional support. However, parents or carers will always be advised of any interventions organised to take place at the academy.

Support with Curriculum

Teachers at the academy deliver outstanding quality lessons appropriately differentiated and personalised to match the students' needs and targets. Based on the severity of the children or young person's needs they may receive additional classroom support, targeted small group tuition, or placed on alternative support pathway that compliments the Mainstream Curriculum and extra interventions to ensure they make the best progress they can. Students' progress is closely monitored and reported on a termly basis. Support the students receive will be tailored based on this data to ensure they are progressing and continuing to achieve. Parents/carers will receive termly reports and be asked to attend Parent Consultation Evenings to meet with form tutors and class teachers. Appointments can be made with the SENDCo and pastoral team to discuss any particular concerns regarding the students' progress or support requirements.

Support for children and young people's well being

The academy strives to maintain a supportive environment for students and understands that a priority is students' emotional wellbeing whilst they continue their academic journey. Pastoral support is available for all students. Students will see their form tutors daily and have the opportunity to discuss any concerns or issues; these may be referred to Student Liaison Officers or another member of the Pastoral support team to be resolved. Attendance data is monitored by form tutors and Student Liaison Officers, if there are concerns regarding students attendance these will be directed to the wider pastoral team.

Students with additional educational needs will be able to meet with the SENDCo or a member of the SEND team when they feel it is necessary. Depending on the students specific requirements, support can be provided by assigning mentors or key workers, a single point of contact for student and parents/carers who will monitor the students' progress and requirements and feed back to the SENDCo with any changes to provisions or circumstances. Students may also work with the pastoral team or targeted support sessions in school. When necessary, students and parents/carers may be directed to additional services in the area.

Support of students with medical needs

If your child or young person has specific medical factors contributing to their educational needs please contact the school where a member of staff can discuss specific provisions that may need to be implemented. Parents/carers are encouraged to keep an active dialogue to communicate any changes in students' needs as this can play a part in the students' education.

Support for students who require help with literacy and numeracy

Subject teachers will look at assigning additional provisions for students who they feel may benefit from additional tuition, this may include small group work with learning mentors, and afterschool targeted support sessions or an alternative support pathway which will complement the main curriculum. Parents/Carers will be advised if students are being placed on alternative pathways or are required to attend afterschool interventions to ensure they are making progress.

Support outside of the classroom

The academy aims for all students to be able to participate in all the activities provided from extra-curricular afterschool sessions to school trips. If a student requires additional provisions for these activities the academy will endeavour to provide support. Staff will consider any specific needs when planning and running these activities or organising school trips. If you have any concerns regarding your child or young person's medical needs in relation to extra-curricular activities please contact the school to discuss.

Students moving to a new setting/school/college or continuing their academic journey

The academy will provide a dynamic transition process where Year 6 students have numerous

opportunities to visit the academy prior to their start date. The SENDCo can arrange for additional visits for students with special educational needs to help them adjust to the big change from Primary to Secondary school. If your child or young person has an Education, Health Care Plan, the SENDCo may attend meetings with the previous school to gather all the necessary information on the student and attend EHC Planning or Annual Review meetings to ensure the students' transition to the academy is as smooth as possible and suitable provisions are established ready for their arrival. When a student leaves Trinity Academy Leeds to move to a new setting, the academy will forward on all relevant documentation and information regarding their needs. If required academy staff may accompany students on visits to the new setting and meet with appropriate staff.

Services available or can be accessed by the academy.

The academy frequently liaises with local agencies such as CAMHS, Hearing Impairment Services, Speech and Language Therapy Team, School Nursing Team and Specialist Inclusion teams to ensure students' needs are met. We also work closely with the Leeds SEN team to review students with Educational Health and Care plans. Parents/ carers are encouraged to contact the academy if their child or young person's requirements change so provisions can be adequately adapted quickly.

What can you or your child/young person do to support their learning?

It is essential that parents/carers are involved in their child's education. Parent/Carers are invited to attend transition events, Parents' evenings, SEN review meetings and other meetings the SENDCo or yourself may feel are required to support the child's needs. Termly 'SENDCo Surgeries' are held where parents/carers have the opportunity to discuss their child's progress outside of the normal parents' evenings. As mentioned the academy tries to promote a comfortable environment for students to feel confident to approach staff with comments regarding their education, this might be from homework queries or if they feel they need more support. Students will participate in review meetings where they will be able to contribute their opinions regarding provisions they feel might benefit them to achieving their goals.

What do I do if I think my child may have special educational needs?

In the first instance you should contact the Academy's Special Educational Needs Co-Ordinator, Oliver Harrison to discuss your concerns. This can be done by e-mail contactus@leeds.trinitymat.org or by telephone on 0113 4831126.

Leeds Local Offer

Every Local Authority across England must publish a local offer which outlines the support that is available for local children and young people with SEND and their families. This information is held in a centralised location and provides information about the guidance and advice available across education, health and social care in the local area for children and young people with SEND. The local offer will include up-to-date information about the available services and how to access them. Leeds City Council's local offer can be found at: www.leedslocaloffer.org.uk

For additional information regarding SEN at Trinity Academy Leeds please feel free to contact at contactus@leeds.trinitymat.org or 0113 4831126.
