We are officially OUTSTANDING!

We have some exciting news...

We are delighted to inform our school community that following our recent Ofsted Inspection on the 24th and 25th April 2024, we have been classed as **Outstanding** in all four areas of the framework.

We have been on an incredible journey. Many of you will remember our school being built and that it was once just a muddy field! Now we are one of the most oversubscribed schools in the city, with **World Class status** and a phenomenal first Ofsted report.

We believe that **outstanding young people** make an outstanding school, and we are very proud of all our Purple Stars. We would like to thank our families, wider stakeholders, and supporters for their unstinting belief in us and sharing our vision to give our students the very best education possible.

'The school removes barriers that may prevent pupils from achieving well. This supports pupils to realise the school's vision to reach higher, see further and shine brighter.'
