The fieldwork process

Scan this QR code to learn about migration stories in Leeds. David Harrison is a PHD researcher at the University of Leeds and has been examining the migration and settlement of communities in Leeds. His research focuses around areas local to Burmantofts.

Notes:

The Wheel of Life

Logging onto Google Earth at home.

Search term: Google Earth.

You can download the App or use the web version.

Use the toggles to explore landscapes at different scales.

Search any location around the world. How are their physical and human characteristics similar or different to ours?

Photo Annotation

Label current and historic photos to show how the local area has changed over time.

Field Sketch

A simple drawing to capture the most important geographical features of a site.

Land Use Survey

Using a base map to code how land is used at each site.

Using the help above, how could you conduct your own primary research?
